LEARNING ASSESSMENT POLICY:

Students are the most integral and important part of every educational Institution. Though every child possesses same intellectual capacity, their growth during the formative years plays a crucial role in their intellectual development subsequently. We at DES's Shri Navalmal Firodia Law College, Pune ensure that the learning levels of students are accordingly positively channelized. We do take into account the needs of slow and advanced learners and have special programmes designed for them. It is undertaken merely to determine the qualitative measurable to assess Advanced And Slow Learners and accordingly work on them.

The entry to the institution is based on the CET performance and there is a cut throat competition to reach to the institution. When the real learning process begins, we acknowledge that grade is just one determining factor of progress. The students consciously, unconsciously communicate their learning levels through their body language, their presence, responses, reactions and grasping ability. The subject teacher in the course of teaching relates to every student. With an aim to bring the best out of each child the teacher usually reaches to them as per their comfort. Usually the students are asked to wait after the class and discuss their issues and challenges in the process of learning. It is through one to one talks we are able to identify both slow and advanced learners.

The institute defines the criteria and parameters for assessing the level of learners. The broad parameters are :

- ✓ confidence level
- ✓ communication skills
- ✓ understanding
- ✓ grasping ability
- ✓ nature of queries asked
- ✓ Internal Assessment Exams and Viva performance
- ✓ (These are the essential skill sets required for the legal profession)

We accordingly design programmes that are best suited for them.

Moot Court Society Annual Report (2018 - 2019)

Dr. Priya Dhanokar, Assistant Professor, DES SNFLC

Mooting is an excellent way to develop legal research, analysis and presentation, both oral and written, and knowledge of core areas of law, all of which are crucial for legal practice. Moot court not only helps in enhancing legal knowledge, but also in brushing up communication, drafting, legal research, and presentation skills. After presenting moots, students get a taste of real court proceedings. Thus, being one of the prominent law colleges in the city, we consider Moot Court activity in general and Moot Court competitions in particular as the most significant co-curricular activity. Every year, the college constitutes a Moot Court Society (MCS) and this year, it was constituted of 70 students including 14 nominated members and Dr. Priya Dhanokar as the Faculty In-charge.

The endeavor for constitution of Moot Court Society began with organization of Intra College Moot Court Competition. As many as 135 aspiring students participated in it. The selection of the members of Moot Court Society was based on two rounds, Round - I (Oral Presentations), which was conducted on 28th July, 2018 and Round - II (Written Test), conducted on 1st August, 2018. The college also arranged Orientation Session on 12th July, 2018 wherein, alumni of our college, Adv. Anurag Mishra guided all the aspiring students in order to prepare for the said competition. The members of Moot Court Society participated in various International, National and State Level competitions and had a splendid success in all. Another significant endeavor of the Moot Court Society is the hosting of Lokmanya Tilak National Appellate Moot Court Competition.

Lokmanya Tilak National Appellate Moot Court Competition

Carrying forward its legacy of last 10 years, the Moot Court Society of the college organized the 11th edition of Lokmanya Tilak National Appellate Moot Court Competition

on 22nd and 23rd February, 2019. The unique selling point of our competition is of being the only Appellate Moot Court Competition, in which, unlike any other moot court competition the problem is based on an actual Trial Court case. Ours is a unique style of moot court format at Appellate Level in both Civil and Criminal domains involving real life cases and arguments which expose the participants to a range of soft skills, which a professional practitioner is supposed to imbibe for his/her successful career.

This year, it was 11th edition of the Lokmanya Tilak National Appellate Moot Court Competition and was inaugurated by the Chief Guest, **Shri. Shrinivas Agrawal, Principal District and Sessions Judge, Pune.** Guest of Honour for this inaugural session was, Dr. Sharad Kunte, Chairman, Deccan Education Society, Pune. After inauguration, the National Appellate Moot Court Competition was enhanced for two days. The competition commenced with the orientation of the participants, which was followed by the Preliminary Round. The participants were provided with a problem for this competition was based on real civil case. By making necessary changes, Civil Paper-book was prepared by the members of MCS and provided to the participants for the arguments.

The preliminary round advanced for the whole day. The result for the teams qualifying for the Semi-Final round was announced in the evening, which was followed by a feedback session from all the judges to the participants.

The Semi-Final and the Final rounds were scheduled on the second day i.e. on 23rd February, 2019. At the end of qualifying round, four of the teams were qualified for the semi final round. Lastly, the teams qualified for finals were A.K.K. New Law Academy, Pune and Shivaji Law College, Parbhani. Speakers from both the sides argued vehemently, rebutting each other's arguments and answering the queries posed by the Judges. Dr. S.E. Avhad and Adv. Uday Warunjikar, presided over and judged the final round and witnessed a tough time while judging the same. After an interesting battle among the finalists, the judges ruled the case in favor of the respondents' team, A.K.K. New Law Academy, Pune.

After the Final Round, there was a Valedictory and Prize Distribution function. The function was graced by Dr. S.E. Avhad sir as the Chief Guest and Adv. Uday Warunjikar as Guest of Honour. Both the dignitaries, through their address, enlightened the students about existing as well as future challenges in front the advocates as the professionals. Amidst corona challenges, Moot Court Society drastically changed its modus operandi to meet the challenges posed by the pandemic. Moot Court Society geared itself to turn all its activities online. Academic year 2020-2021 was unique in a way where all major activities of the Society were conducted online through Microsoft Teams App.

It's a tradition to conduct Intra Moot Selection Competition for being a member to the Moot Court Society. This year however, the previous MCS was retained and it continued to function for the next academic year as well.

During the academic year, the Moot Court Society conducted a session on "How to prepare for Moot Court Competitions" on 9th February 2021. The Session was conducted by Ms. Anuya Deokar, IV BA LL.B. She briefed the students about the nuances of the moot court.

One of the major events of the Moot Court Society is hosting the 13th Lokmanya Tilak National Appellate Moot Court Competition. The Competition was conducted virtually on 27th and 28th February 2021. The Event was smoothly coordinated with the enthusiastic participation of members of MCS as well as other students of our college. Through the determined efforts of member of MCS, the Competition received eight participations. They were from all over the country including various National Law Schools.

The event was inaugurated by Shri. Vinay Navare, Senior Advocate, Supreme Court of India. He in his address emphasized on the importance of participation in moot court activities and encouraged the students of DES's Shri Navalmal Firodia Law College, Pune to participate in such beneficial activities.

This year, a civil moot problem was drafted. It tried to serve the purpose of an Appellate Moot Court Competition since the aspects of the case involved appealing to higher court and arguing the matter after a decree was passed by a lower court. The Moot Problem was a 60 paged problem based on a real case pending before the Hon'ble District Court, drafted with an intention to give students a true feel and exposure of the Appellate Court Practice.

The Preliminary Round was conducted on 27th February 2021. The Judges to the preliminary round were eminent lawyers from Pune and Mumbai. Adv Aditya Kanetkar, Adv Vaishali Bapat, Adv Namit Muthiyan, Adv Shreenivas Joshi, Adv Pragya Sharma, Adv Ashlesha Raut, Adv Shreevallabh Panchpor and Adv Soham Panse judged the preliminary round.

The Moot Court Memorials were assessed by Adv Niyati Shah.

The semi-final round was conducted on 28th February and was judged by Shri Girish Dange, Advocate, District & Sessions Court and Shri Pramod Bendre, Advocate, District & Sessions Court, Pune. The Moot Court Society was blessed to have Hon'ble Justice Smt Anjali Apte, Retd Judge, District Court, Pune as the Judge for final round and also guest of honor for

Valedictory Session.

The event was headed by a team of efficient volunteers viz. Aditya Bendre, Shubhankar Malegaonkar, Sukanya Joshirao, Atharva Bangale, Aswathy Roy, Zenia Irani, Nihal Singh, Atharva Golwalkar, Soumya Sharma, Tanaya Kulkarni and others.

Lokmanya Tilak National Appellate Moot Court Competition is a prestigious and unique moot court competition that our college has been organising for the past 13 years. In LTNA, participants are supposed to argue appeals based on real life court cases in both civil and criminal domains, which emphasizes the development of advocacy skills through a realistic appellate advocacy experience.

The event heads for this year were Shubhankar Malegaonkar, Atharva Golwalkar, Tanaya Kulkarni, Soumya Sharma and Kayomard Irani who ensured smooth conduct of the entire event. This time the participants were given a problem based on an ongoing criminal case. It was drafted under the guidance of faculty coordinator Asst. Prof Kaveri Deo and Adv. Susheel Atre. The case focused on criminal negligence occurring out of an accident resulting in a person's death. The participants were to argue from both the sides.

Research is one of the prominent activities in any educational institute. Its importance in a law school can never be overlooked. No matter what areas of law a student wishes to pursue his career in, Legal Research lies at the core of it. Keeping this in mind, the college has a Legal Research Cell (L.R.C.) which primarily focuses on building the research abilities of the students under the guidance of faculty members and experienced luminaries.

The L.R.C. is constituted through a multi-tier selection process which ensures that innovation, curiosity, novelty and dedication are the qualities essential to be a member. Legal research is a very important tool for individual lawyers and law firms irrespective of their practice areas. It involves basic search for landmark cases governing the issues in question. Legal research, though sounds simple, is not an easy job. The skill to conduct legal research is indispensable for lawyers, regardless of area or type of practice. With this view, the Legal Research Cell (LRC) of our college works relentlessly to guide the students and mentor them whenever needed. Dr. Priya Chopde, assisted by Asst. Prof. Pooja Baghel were given this responsibility to head the Legal research Cell in the academic year 2020-2021.

Owing to the Covid -19 Pandemic, there were certain constraints that the faculty coordinators and the members faced. For the very first time, in these unprecedented times, the legal research cell was getting acquainted with working online.

Nomination & Selection Process:

A new trend that we initiated and experimented within the academic year 2020-2021 is unlike past years. This year LRC did not have any selection process. The idea behind this was to let every student of the college be served with equal opportunity to represent themselves as the members of LRC.

The membership of LRC was made open to all without any stringent and water tight criterions. As a result, we saw more than hundred students registering themselves in LRC.

The registration process was simply done by sharing a Google form in which we asked students to cite their reason for the inclination towards joining the legal research cell. We were amazed to know that many students were keen on learning the concepts of legal research, its importance and the methodology to do it.

Mode of Working:

In order to have smooth working, LRC conducted regular meetings with the students owing to the Projects undertaken. LRC functions and communicates to students online through the medium of Whatsapp where in a group named "JIDHNYASA" has been formed. Regular updates relating to LRC work is communicated to the students via this

group. The first step taken by the LRC was to coordinate with its core members, i.e. the students who have been part of LRC for a long time and to arrange an orientation session for the new members of LRC. This time LRC consisted of pre-law students too who had brief knowledge about the legal setup. LRC's senior coordinators undertook an introduction session for them, wherein the basic functioning of LRC was explained. The Faculty Coordinators also spoke about the importance of legal research, encouraging the students to participate and undertake research works as much as they can.

Projects Undertaken:

Despite the Pandemic, LRC could take up one major project and one National Level Competition, namely;

1. DRAFT BILL PREPARATION

Students of LRC worked relentlessly for months to be able to submit to the college a draft bill addressing the Pandemic situation and the incapability and shortcomings of the existing "The Epidemics Act, 1897" as well as "The Disaster Management Act, 2005" as also the inadequacy of various other laws in outfitting the pandemic situation. The bill worked on was named as, "THE PANDEMIC PREPAREDNESS, PREVENTION AND PROTECTION BILL, 2021" This bill was further presented to the Deccan Education Society for further action. It is hoped to reach the Law Commission of India as a contribution from the Deccan Education Society. This project would not have been completed if not for the students and the wonderful team we created.

The team consisted of:

2. 11TH EDITION OF NATIONAL LEVEL STATUTE ANALYSIS COMPETITION

This event was created with a purpose to let the participants understand the art of knowing the real meaning of an enactment by giving its natural and ordinary meaning to the words of the enactment. Statute analysis is the method of evaluating the true value of the terms used in a statute. It was a brainstorming exercise for the students all over India to experience how a statute is applied to actual circumstances once the law has been established.

The statutes taken for the Competition were much needed and controversial for the time being. LRC organised this competition to analyse all three Farm Acts, namely;

1. The Farmers' Produce Trade and Commerce (Promotion and Facilitation) Act,
2. The Essential Commodities (Amendment) Act
3. The Farmers (Empowerment and Protection) Agreement on Price Assurance

and Farm Services Act.

The event was successful with a decent number of participants. Out of the Participants from all over India, Samriddhi Bammidi, MNLU, Aurangabad emerged as the Winner. Shridhar S. C. - Dr. Ambedkar Govt. Law College, Chennai stood as the Runner Up.

Further, it was heart-warming for us to see our students coming up to volunteer for this event. The team consisted of;

Concluding Remarks for the Academic Year 2020-2021

The aim of the Legal Research Cell is to enhance research skills of the upcoming
generation of lawyers and to continuously help them evolve by giving them various
opportunities. The focus has always been to give the students a broadened horizon and
perspective in the legal field. The genuine constraints that arose owing to the

unprecedented times saw a decline in the activities. The department has however planned the course of action for the next academic year and hopes to resume soon with a fresh vigour.

"Literature adds to reality, it does not simply describe it. It enriches the necessary competencies that daily life requires and provides; and in this respect, it irrigates the deserts that our lives have already become."

- C. S. Lewis

The three-day National intercollegiate festival from 7th - 9th January 2022 was a legal, literary and cultural fest which celebrated the young talents from various education institutes across the nation. It aimed to embolden, empower, explore and stimulate the creativity of students.
