MENTORSHIP POLICY

Policy Statement

The mentorship policy of DES SNFLC focuses on overall well-being of student and redressal of issues of students including academic as well as other issues. Mentorship provides students emotional and instrumental support they need for academic progress and development.

Policy Objectives

This mentorship policy will provide guidelines for the Mentorship Program of A.Y. 2021-22. The purpose of policy to set a procedure for faculty mentorship, appointment of student mentors, meetings of mentorship, etc.

The object of Mentorship program is to share valuable experience with the mentee, to help all students in solving their problems, personality development, guiding them in academics, building a good rapport between teachers-students and between students, etc.

Mentorship Program

For all students across all courses, mentorship will be provided at two levels, that is-

1. Student mentors
2. Faculty mentors

Faculties will be allocated specific number of students for the purpose of mentoring. Faculty mentors and student mentors should identify issues of students, identify slow learners, arrange activities for mentees and bring their attention to activities and competitions organized by college.

Appointment of student mentors

- A faculty meeting should be held to decide criteria for appointment of senior students as student mentors.
- A notice shall be issued to students about mentorship program.
- Applications shall be called from students for the purpose of their appointment as student mentors.
- Student mentors shall be appointed based on the criteria decided in faculty meeting and in a transparent manner.

Mechanism of mentorship

Mentorship program requires proactive role of mentors as well as mentees. Mentors should decide dates and time of meetings and communicate the same to mentees. Apart from pre-decided meetings, mentees can approach their mentors for any issue which needs immediate guidance or redressal.

Since senior students are aware of issues which freshers or newly admitted students might face and probable solutions, they are appointed as student mentors. Student mentors are required to understand needs of such students and also help them in academics.

Mentees are also required to initiate contact with the mentor and should attend the mentorship meetings. They should suggest the agenda of meeting and actively participate in discussion.

Both faculty mentors and student mentors must maintain strict confidentiality of the information shared by the mentees.

Meetings of mentorship

- Faculty mentors as well as Student mentors shall hold meetings with their allotted mentees frequently as per pre-decided dates and time slot.
- Meetings of faculty mentors and student mentors shall also be held to discuss issues of students and probable solutions for the same.
- Such meetings should be held minimum four times in a semester.
- Mentors should keep record of meetings and do the needful after meeting for solving problems of mentees.

Academic Year 2021-22

Name: Pooja Deo

Designation: Assistant Professor

Following were the issues raised by students

- 1) Celebrating Navratri Utsav by hosting a Dandia Event in College.
- 2) Parking issues
- 3) Sports equipment
- 4) Addiction
- 5) Mental health

I raised this issue of celebrations before concerned authorities and also pacified the students when the permission was denied due to some official reasons.

I also took up the issue of parking fees with our college authorities and the management.

I informed the sports in charge about the sports equipment that we would need.

I believe engaging them in fruitful activities and continuously talking to them about their mental health is very necessary. I always make it a point to address all their personal issues. It is necessary that they have someone who would neutrally and without bias listen patiently to them.

Academic Year 2021-22

Name: Sumit Tak

Designation: Assistant Professor

Following were the issues raised by students

- 1) Cleanliness of classrooms
- 2) Lift facility
- 3) Choice of optional subjects
- 4) Occupancy smart board classrooms

I raised the issue of cleanliness of classrooms and also made it clear to Mavshis to regularly clean it.

I briefed them that lift is not supposed to be used by them but it is meant for only the college staff and differently able. I convinced them that as we have just 2 floors and it is important for young students to remain healthy. In certain genuine cases, they can use the lift.

We did take a note of the optional subjects they want to opt for. A google form was circulated to ascertain their choice of subject. We informed them subjects are available as per the rules of the institution, the infra structure and minimum number of students required for a subject.

I also informed the college authorities that we need more smart boards. We currently have 6 smart boards.
