Joseph Joubert (French writer)

A debate is an organized argument or contest of ideas in which the participants discuss a topic from two opposing sides. Debate is a social way of expression of your point of view on a topic. It teaches students how to accept different point of views of theirs and others in the same topic. They learn agree to disagree, may find a way to solve an issue, learn how to compromise with others.

In debate, Argumentation, disagreement, rebutting points argued from the other side, to put forth your point of view in an emphatic and skilful manner is an integral part of legal education. Debate forum plays an important role in honing the student's argumentation and presentation skills. The debating skill will help students to appreciate the judicial process and justice delivery mechanism in more effective manner.

In the Academic Year 2020-21 our students have participated in various Inter Collegiate Competitions Namely; Elocution, Debate and Essay Writing competition in Marathi and English Language. Apart from it, Agarkar Debate Competition was hosted by our department through online mode. Due to the Pandemic situation of COVID-19 the competition was conducted through MS Teams application.
